

FRIENDS OF EIFA

Dear Parents,

We hope that your children went happily back to school and enjoy seeing their new teachers.

To reinforce the partnership between the school and the parents, we would like that each class be accompanied by a class representative. **This representative helps facilitating the communication between the parents and the teachers of their class**, for all subjects dealing with activities, organisation, life in the class (for example, finding chaperones for school trips, reminders to parents for a meeting or even a feedback from parents to the teachers).

Parents should discuss directly with the teachers and/or the direction for any subject affecting their child only.

We ask that you first, if you are ready to volunteer, to sign up to be a class representative, for the whole school year.

Then, your children' teachers will organize a 1-hour meeting, where you can meet the class representative and exchange your contact details, to ease communications.

You can already send your name, along with your child's name and his/her class to Ariane Chauve, a parent who has kindly agree to help us in this mission: ariane.chauve@gmail.com, before or on **Friday 27th September**.

Best regards,

Isabelle Faulkner
Head of Administration
